Marrakech at a glance

North is up. The numbered points are placed by approximate published coordinates. Coloured dotted lines show the order of the three walks, not street-level turns. Use landmark names and the written route pages at junctions.

Arrival orientation: Menara Airport is southwest of this map. Bus 19 or the official taxi queue brings you toward the centre. The municipal bus station is by Bab Doukkala at the northwest edge; ask for your exact arrival terminal. Mark your own stay above and return to a familiar landmark.

Arrive, orient, return

FROM THE AIRPORT

Marrakech-Menara (RAK) → centre
Follow the terminal signs to bus 19 or the official taxi queue. The regional tourism council lists the airport bus at 30 MAD per person, approximately every 20 minutes from 06:00 to 21:30. Confirm the live route, fare and last departure at the stop. Ask for the Jemaa el-Fna / Arset El Bilk area, then walk to your first landmark. For a taxi, use the official airport counter/queue, take the ticket and check the fare to your precise destination before paying. Some Medina lanes are pedestrian-only.

FROM THE BUS STATION

Municipal station at Bab Doukkala → Medina
Pin Koutoubia or Jemaa el-Fna as your first landmark. You can walk in daylight if comfortable, or take a licensed petit taxi and confirm the meter or fare first. CTM and Supratours may arrive at other terminals: check the address printed on your own ticket rather than assuming Bab Doukkala.

BEFORE YOU WALK

- Write your hotel or riad name, address, phone and nearest car-access point below.
